Veri-Tek International Corp. Announces International Distribution Agreement

Agreement Marks Veri-Tek’s Entrance Into Key Global Growth Markets

Bridgeview, IL, April 29, 2008 — Veri-Tek International Corp. (AMEX:VCC), a leading provider of engineered lifting solutions including boom truck cranes, rough terrain forklifts and special mission oriented vehicles, today announced that its Manitex subsidiary has reached agreement with a well-established heavy equipment distributor in the Middle East, thus, launching Veri-Tek’s strategic entrance into international growth markets. Management anticipates receiving initial stocking orders for its 50- and 30-ton Manitex boomtrucks to this distributor, with deliveries and financial contributions beginning in the second half of 2008.

Scott Rolston, General Manager of Veri-Tek’s Manitex subsidiary, commented, “We continue to pursue opportunities to expand to key international markets that we believe will drive our future growth. This new agreement will enable us to introduce our higher tonnage boom trucks to a top distributor in the Middle East and gain access to a new, growing customer base. We view this as an important first step towards achieving global product acceptance and market penetration and it is our intention to continue to pursue such agreements with additional international distributorships. We look forward to serving an international customer base with our high quality and competitively priced products.”

About Veri-Tek International, Corp.

Veri-Tek International, Corp. is a leading provider of engineered lifting solutions including boom truck cranes, rough terrain forklifts and special mission oriented vehicles. Our Manitex subsidiary manufactures and markets a comprehensive line of boom trucks and sign cranes. Our boom trucks and crane products are primarily used in industrial projects, energy exploration and infrastructure development, including roads, bridges, and commercial construction. The Manitex Liftking subsidiary, which includes the Noble forklift product line, manufactures and sells a complete line of rough terrain forklifts and special mission oriented vehicles, as well as other specialized carriers, heavy material handling transporters and steel mill equipment. Manitex Liftking’s rough terrain forklifts are used in both commercial and military applications.

Forward-Looking Statement

Safe Harbor Statement under the U.S. Private Securities Litigation Reform Act of 1995: This release contains statements that are forward-looking in nature which express the beliefs and expectations of management including statements regarding the Company’s expected results of operations or liquidity; statements concerning projections, predictions, expectations, estimates or forecasts as to our business, financial and operational results and future economic performance; and statements of management’s goals and objectives and other similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by terminology such as “anticipate,” “estimate,” “plan,” “project,” “continuing,” “ongoing,” “expect,” “we believe,” “we intend,” “may,” “will,” “should,” “could,” and similar expressions. Such statements are based on current plans, estimates and expectations and involve a number of known and unknown risks, uncertainties and other factors that could cause the Company’s future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. These factors and additional information are discussed in the Company’s filings with the Securities and Exchange Commission and statements in this release should be evaluated in light of these important factors. Although we believe that these statements are based upon reasonable assumptions, we cannot guarantee future results. Forward-looking statements speak only as of the date on which they are made, and the Company
undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.
