We are glad to now be able to confidently communicate to past, present, and future CVS customers that they can place their trust in our products, service, and support, with the full commitment and support of Manitex, a top-quality, highly committed, and financially stable organization.”

## **About Manitex International, Inc.**

Manitex International, Inc. is a leading provider of engineered lifting solutions including cranes, rough terrain forklifts, indoor electric forklifts and special mission oriented vehicles, including parts support. Our Manitex subsidiary manufactures and markets a comprehensive line of boom trucks and sign cranes through a national and international dealership network. Our boom trucks and crane products are primarily used in industrial projects, energy exploration and infrastructure development, including roads, bridges, and commercial construction. Our Crane and Machinery division is a Chicago based distributor of cranes including Terex truck and rough terrain cranes, Fuchs material handlers and our own Manitex product line. Crane and Machinery provides after market service in its local market as well as being a leading distributor of OEM crane parts, supplying parts to customers throughout the United States and internationally. Our Manitex Liftking subsidiary is a provider of material handling equipment including the Noble straight-mast rough terrain forklift product line, Lowry high capacity cushion tired forklift and Schaeff electric indoor forklifts as well as specialized carriers, heavy material handling transporters and steel mill equipment. Manitex Liftking's rough terrain forklifts are used in both commercial and military applications. In July 2009, we acquired through a stock purchase, Badger Equipment Company, a Winona, Minnesota-based manufacturer of specialized rough terrain cranes and material handling products and on December 31, 2009 we acquired the operating assets of Load King Trailers, an Elk Point, South Dakota manufacturer of specialized engineered trailers and hauling systems. In July 2010, the Company's subsidiary, CVS Ferrari srl entered into an agreement to rent certain assets of CVS SpA on an exclusive rental basis, in its operations. CVS SpA, located near Milan, Italy, designed and manufactured a range of reach stackers and associated lifting equipment for the global container handling market, sold through a broad dealer network.
