Safe Harbor Statement under the U.S. Private Securities Litigation Reform Act of 1995: This presentation contains statements that are forward-looking in nature which express the beliefs and expectations of management including statements regarding the Company’s expected results of operations or liquidity; statements concerning projections, predictions, expectations, estimates or forecasts as to our business, financial and operational results and future economic performance; and statements of management’s goals and objectives and other similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by terminology such as “anticipate,” “estimate,” “plan,” “project,” “continuing,” “ongoing,” “expect,” “we believe,” “we intend,” “may,” “will,” “should,” “could,” and similar expressions. Such statements are based on current plans, estimates and expectations and involve a number of known and unknown risks, uncertainties and other factors that could cause the Company's future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. These factors and additional information are discussed in the Company's filings with the Securities and Exchange Commission and statements in this presentation should be evaluated in light of these important factors. Although we believe that these statements are based upon reasonable assumptions, we cannot guarantee future results. Forward-looking statements speak only as of the date on which they are made, and the Company undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

Non-GAAP Measures: Manitex International from time to time refers to various non-GAAP (generally accepted accounting principles) financial measures in this presentation. Manitex believes that this information is useful to understanding its operating results without the impact of special items. See Manitex’s Second Quarter 2013 earnings release on the Investor Relations section of our website www.manitexinternational.com for a description and/or reconciliation of these measures.
Focused manufacturer of engineered lifting equipment

**Manitex International, Inc.**
- Global provider of highly specialized and custom configured cranes
- Sell materials and container handling equipment through dealerships

**Niches Served**
- Energy exploration and field development (includes Canadian oil sands and recent oil and natural gas initiatives throughout U.S.)
- Power line construction
- Military
- Railroads
- Ports
- Government/agency

**Company Origin**
- Launched as a private company in 2003
- Publicly traded on NASDAQ: MNTX
- Steady organic growth
- Industry consolidator: acquired seven branded product lines since going public in 2006

Company Snapshot

9/17/2013 Nasdaq: MNTX
According to Forbes, this list compiles "an annual ranking of America's Best Small Companies that have experienced strong growth over the past five years. The 2012 list highlights public companies with sales under $1 billion, which are ranked based on return on equity, sales growth and earnings growth over the past year and the past five years." Forbes methodology factored in stock performance versus each company's peer group during the last 12 months.

## Focused manufacturer of engineered lifting equipment

9/17/2013  Nasdaq: MNTX
Focused manufacturer of engineered lifting equipment

- Engineered lifting equipment
- Manitex boom trucks
- SkyCrane aerial platforms
- Sign cranes

- RT forklifts
- Special mission-oriented vehicles
- Carriers
- Heavy material handling
- Transporters & steel mill equipment

- Specialized earthmoving, railroad and material handling equipment since 1945
- Has built ~ 10,000 units since 1945

- Manufacturer of container handling equipment for the global port & inter-modal sectors
- Products: reach stackers, laden and unladen container forklifts & straddle carriers
New Product Overview: 70 ton Manitex TC700

- Enters the global truck crane market with competitive price point and benefits of a commercial chassis
- CE compliant for international markets
- Concept developed collaboratively with customers to meet requirements
- Orders in hand will commence shipping in second half of the year

Focused manufacturer of engineered lifting equipment
Acquisition of Sabre Manufacturing, LLC

- Knox, Indiana-based manufacturer of specialized equipment for liquid storage and containment solutions with a concentrated client base in the energy sector
- $14M consideration consists of $13M cash and $1M stock
- TTM (3/31/13) revenues of approximately $39.1 million, adjusted EBITDA of approximately $4.5 million, and earnings before tax of approximately $4.2M
## Competitive Positioning

### Core Competencies
- Strong brand history
- Acknowledged product development record
- International dealers enable us to follow demand
- Focused on specialized equipment and niche end-markets

### Products
- Niche markets
- Broad end-user base
- Highly customized/specialized; will configure-to-order
- Parts and service an important part of business model

### Superior ROI
- Lower capital commitment for a boom truck vs. competitors’ custom cranes of similar lifting capacity
- Usually less or no special permitting vs. competitors’ custom cranes of similar lifting capacity

*Focused manufacturer of engineered lifting equipment*
Lifting Equipment Market Overview

Market Overview

- Principal products: boom truck cranes that vary in height & tonnage capacity
- Smaller tonnage cranes (<30 tons) more focused on general construction markets; larger cranes (30+ tons) focus on power line construction and energy
- Larger tonnage cranes in higher demand since economic downturn
- Boom truck cranes typically less expensive than rough terrain and all terrain cranes

Manitex Market Position

- Broader market: ~65% of cranes shipped in the smaller tonnage range; ~75% of Manitex shipments have been in larger tonnage
- Focus on being a niche player allows specialization tailored towards customers’ needs
- Production distribution skewed toward larger tonnage machines
- First to launch 50-ton crane (May 2007)
- Have developed a series of products around the demand for larger tonnage cranes
Replacement Parts & Service
Consistent Recurring Revenue

- Consistent recurring revenue stream throughout the cycle
- Spares relate to swing drives, rotating components, and booms among others, many of which are proprietary
  - Serve additional brands
  - Service team for crane equipment
  - Automated proprietary system implemented in principal operations

Focused manufacturer of engineered lifting equipment
Focused manufacturer of engineered lifting equipment

Revenue Growth Drivers

- Energy business was less than 10% in 2009, estimated ~ 75% in 2012
- R&D budget: up from ~ $1M to ~ $2.5M/year
- Incremental annual increase of $1M in R&D expected to generate ~ $40M in revenues for 2012

Growth Being Driven by R&D and New Product Innovations
(Pie chart illustrates 2012 revenues)

- 76% Existing
- 24% New Products Introduced 2009-2012

Pie chart represents the difference/reconciliation between $55.9M & $205.2M

Revenues ($ in Millions)

- 2009: $55.9M
- 2012: $205.2M

54% CAGR

2009 – 2012

- Energy business was less than 10% in 2009, estimated ~ 75% in 2012
- R&D budget: up from ~ $1M to ~ $2.5M/year
- Incremental annual increase of $1M in R&D expected to generate ~ $40M in revenues for 2012

Focused manufacturer of engineered lifting equipment
Investment Highlights

Growth in End Markets
- Niche markets with solid demand drivers for products
- Increased penetration in oil and gas, power grid and rail industries
- Demand in end markets – energy, railroad, and utilities – expected to be consistently strong

Flexible Operating Model
- Customer focused design strategy
- Diversified product offering
- Quickly adaptable to changes in demand
- Commitment to innovation, research, & product development
- Expected impact from new product launches in 2013

Growth in Key Financial Metrics
- Nine of eleven consecutive quarters of backlog growth
- Compared to 2011, 2012 revenues +44%, EBITDA +61%, and EPS +183%
- Balance sheet strength positionned for growth: Interest coverage of 7.5 times and debt to EBITDA ratio of 2.8 times at 6/30/2013

Broad Industry & Geographic Distribution
- End market diversity offsets weak demand in segments
- NA represents ~75% of revenue, mitigating concerns of European economic climate
- Existing global presence (~20K units worldwide)
- International dealer network provides footprint for on-going international growth

Experienced Management
- Seasoned senior management: over 70 years of collective industry experience
- Successfully integrated multiple acquisitions
- Significant management ownership
