Manitex International, Inc.
Corporate Presentation

(NASDAQ: MNTX)

August 2012
Safe Harbor Statement under the U.S. Private Securities Litigation Reform Act of 1995: This presentation contains statements that are forward-looking in nature which express the beliefs and expectations of management including statements regarding the Company’s expected results of operations or liquidity; statements concerning projections, predictions, expectations, estimates or forecasts as to our business, financial and operational results and future economic performance; and statements of management’s goals and objectives and other similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by terminology such as “anticipate,” “estimate,” “plan,” “project,” “continuing,” “ongoing,” “expect,” “we believe,” “we intend,” “may,” “will,” “should,” “could,” and similar expressions. Such statements are based on current plans, estimates and expectations and involve a number of known and unknown risks, uncertainties and other factors that could cause the Company's future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. These factors and additional information are discussed in the Company's filings with the Securities and Exchange Commission and statements in this presentation should be evaluated in light of these important factors. Although we believe that these statements are based upon reasonable assumptions, we cannot guarantee future results. Forward-looking statements speak only as of the date on which they are made, and the Company undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

Non-GAAP Measures: Manitex International from time to time refers to various non-GAAP (generally accepted accounting principles) financial measures in this presentation. Manitex believes that this information is useful to understanding its operating results without the impact of special items. See Manitex’s Second Quarter 2012 earnings release on the Investor Relations section of our website [www.manitexinternational.com](http://www.manitexinternational.com) for a description and/or reconciliation of these measures.
Company Snapshot

Manitex International, Inc.
Global provider of highly specialized and custom configured cranes, materials and container handling equipment sold through dealerships

Niches Served
Energy exploration and field development (including Canadian oil sands and recent oil and natural gas development initiatives throughout U.S.), power line construction, military, railroads, port, government/agency

Company Origin
Launched as a private company in 2003, Manitex International is publicly traded as NASDAQ:MNTX and has steadily grown organically and as a consolidator in its industry, acquiring seven branded product lines since going public in 2006

Product Overview

"Focused manufacturer of engineered lifting equipment"

- Engineered lifting equipment
- Manitex boom trucks
- SkyCrane aerial platforms
- Sign cranes
- RT forklifts
- Special mission-oriented vehicles
- Carriers
- Heavy material handling
- Transporters & steel mill equipment
- Manitex LIFT.KING

- Specialized earthmoving, railroad and material handling equipment since 1945
- Has built ~10,000 units since 1945

- Manufacturer of container handling equipment for the global port and inter-modal sectors.
- Products: reach stackers, laden and unladen container forklifts & straddle carriers

- Manitex International
- Manitex Liftking
- Badger Equipment Company
- Ferrari
<table>
<thead>
<tr>
<th>Investment Highlights</th>
<th>“Focused manufacturer of engineered lifting equipment”</th>
</tr>
</thead>
</table>
| **Growth in End Markets** | - Niche markets with solid demand drivers for products  
- Increased penetration in the oil and gas, as well as power grid and rail industries  
- Demand in end markets – such as energy, railroad, and utilities – is expected to be consistently strong |
| **Flexible Operating Model** | - Customer focused design strategy  
- Diversified product offering  
- Quickly adapt to changes in demand  
- Commitment to innovation, research, and product development  
- Expected impact from new product launches in 2013 |
| **Growth in Backlog, Revenues, Earnings & Cash Flow** | - Nine consecutive quarters of backlog growth; 6/30/12 backlog of $150M, a 79% YTD  
- Full Year 2011 Sales increased 48% to $142M with record EBITDA of $11.1M and adjusted earnings per share of $0.31  
- Second Quarter 2012 EBITDA of $5.1M (9.7% of sales), represented a 68% Y-o-Y increase and a quarterly record for Manitex  
- Focus on growing bottom line faster than top line; output increases throughout 2012-2013 in North America |
| **Broad Industry & Geographic Distribution** | - Diversity of end markets offers a cushion in the event of weak demand within any one or two segments  
- North American currently represents ~75% of revenue, mitigating concerns regarding the European economic climate  
- Existing global presence (~20K units worldwide)  
- International dealer network provides footprint for on-going international growth |
| **Experienced Management** | - Seasoned senior management with over 70 years of collective industry experience  
- Successfully integrated multiple acquisitions  
- Significant management ownership |
Competitive Positioning

“Focused manufacturer of engineered lifting equipment”

**Core competencies**
- Strong brand history
- Acknowledged product development record
- International dealers enable us to follow demand
- Focused on specialized equipment and niche end-markets

**Products**
- Niche Markets
- Broad end-user base
- Highly customized/specialized; will configure-to-order
- Parts and service an important part of business model

**Superior ROI**
- Lower capital commitment for a boom truck vs. competitors’ custom cranes of similar lifting capacity
- Usually less or no special permitting vs. competitors’ custom cranes of similar lifting capacity
Lifting Equipment Market Overview

Market Overview

- Principal products are boom truck cranes that vary in height and tonnage capacity.
- Smaller tonnage cranes (<30 tons) are more focused on general construction markets while larger cranes (30+ tons) focus on power line construction and energy.
- Larger tonnage cranes have had higher demand since economic downturn.
- Boom truck cranes are typically less expensive than rough terrain and all terrain cranes.

Manitex’s Market Position

- Broader market has seen ~65% of cranes shipped in the smaller tonnage range, while ~75% of Manitex shipments have been in the larger tonnage.
- Focus on being a niche player allows specialization tailored towards customers’ needs.
- Production distribution skewed toward larger tonnage machines.
- First to launch 50-ton crane (May 2007).
- Have developed a series of products around the demand for larger tonnage cranes.

Source: Manitex International and MOTACC
• Recurring revenue of approximately 20% of total sales

• Spares relate to swing drives, rotating components, and booms among others, many of which are proprietary
  – Serve additional brands
  – Service team for crane equipment
  – Automated proprietary system implemented in principal operations
Potential for Future Growth in Revenue and EBITDA

- $235M represents 2007 pro-forma revenues of all product lines acquired to date
- Revenues, EBITDA, earnings have shown consistent growth
- Revenue and backlog trajectory suggests recovery may continue into 2012-2013
- Long-term EBITDA target is 9%-10%
- 2009-2011 CAGR was 59.6%

4-Year CAGR (using 2009 as base year)
- 48.9% CAGR
- 43.2% CAGR
- 40.8% CAGR
