About Manitex International, Inc.

Manitex International, Inc. is a leading provider of engineered lifting solutions including cranes, reach stackers and associated container handling equipment, rough terrain forklifts, indoor electric forklifts and special mission oriented vehicles, including parts support.

Our Manitex subsidiary manufactures and markets a comprehensive line of boom trucks and sign cranes through a national and international dealership network. Our boom trucks and crane products are primarily used in industrial projects, energy exploration and infrastructure development, including roads, bridges, and commercial construction. Additionally, Badger Equipment Company, a subsidiary located in Winona, Minnesota, manufactures specialized rough terrain cranes and material handling products. Badger primarily serves the needs of the construction, municipality, and railroad industries. Our Italian subsidiary, CVS Ferrari, srl, designs and manufactures a range of reach stackers and associated lifting equipment for the global container handling market, which is sold through a broad dealer network. Our Manitex Liftking subsidiary is a provider of material handling equipment including the Noble straight-mast rough terrain forklift product line, Lowry high capacity cushion tired forklift and Schaeff electric indoor forklifts as well as specialized carriers, heavy material handling transporters and steel mill equipment. Manitex Liftking's rough terrain forklifts are used in both commercial and military applications. Our subsidiary, Manitex Load King located in Elk Point, South Dakota is a manufacturer of specialized engineered trailers and hauling systems, typically used for transporting heavy equipment. Manitex Sabre located in Knox Indiana, is a manufacturer of specialized equipment for mobile, above ground, liquid storage and containment solutions.

Our Crane and Machinery division is a Chicago based distributor of cranes including Terex truck and rough terrain cranes, and our own Manitex product line. Crane and Machinery provides aftermarket service in its local market as well as being a leading distributor of OEM crane parts, supplying parts to customers throughout the United States and internationally. The division also provides a wide range of used lifting and construction equipment of various ages and conditions, and has the capability to refurbish the equipment to the customer's specifications.
