

# **Manitex International Announces \$4 Million New Military Order**

## **Order Slated for First Half of 2012 Delivery**

**Bridgeview, IL, November 21, 2011** — Manitex International, Inc. (Nasdaq: MNTX), a leading provider of engineered lifting solutions including boom truck cranes, rough terrain forklifts, container handling equipment and special mission oriented vehicles, today announced that its Manitex Liftking subsidiary was recently awarded a new order valued at approximately \$4 million for specialized material handling equipment from a major military customer. The order is scheduled for delivery for the first half of 2012.

Commenting on the Manitex Liftking orders, Mark Aldrovandi, who is responsible for Manitex Liftking's military, governmental and international agency sales, said, "This repeat order for our largest capacity units further adds to our robust backlog heading into 2012. Our customer already operates a significant number of units of this specialized equipment and will expand its fleet with this order, providing us with an even more substantial relationship. As we have stated before, our product is utilized by major military organizations throughout the world. Military remains among the key markets that we serve, and we anticipate additional opportunities to increase our business in this sector and others during the coming year."

### **About Manitex International, Inc.**

Manitex International, Inc. is a leading provider of engineered lifting solutions including cranes, reach stackers and associated container handling equipment, rough terrain forklifts, indoor electric forklifts and special mission oriented vehicles, including parts support.

Our Manitex subsidiary manufactures and markets a comprehensive line of boom trucks and sign cranes through a national and international dealership network. Our boom trucks and crane products are primarily used in industrial projects, energy exploration and infrastructure development, including roads, bridges, and commercial construction. Additionally, Badger Equipment Company, a subsidiary located in Winona, Minnesota, manufactures specialized rough terrain cranes and material handling products. Badger primarily serves the needs of the construction, municipality, and railroad industries. Our Italian subsidiary, CVS Ferrari, srl, designs and manufactures a range of reach stackers and associated lifting equipment for the global container handling market, which is sold through a broad dealer network. Our Manitex Liftking subsidiary is a provider of material handling equipment including the Noble straight-mast rough terrain forklift product line, Lowry high capacity cushion tired forklift and Schaeff electric indoor forklifts as well as specialized carriers, heavy material handling transporters and steel mill equipment. Manitex Liftking's rough terrain forklifts are used in both commercial and military applications. Our subsidiary, Manitex Load King located in Elk Point, South Dakota is a manufacturer of specialized engineered trailers and hauling systems, typically used for transporting heavy equipment.

Our Crane and Machinery division is a Chicago based distributor of cranes including Terex truck and rough terrain cranes, Fuchs material handlers and our own Manitex product line. Crane and Machinery provides after market service in its local market as well as being a leading distributor of OEM crane parts, supplying parts to customers throughout the United States and internationally. The division also provides a wide range of used lifting and construction equipment of various ages and conditions, and has the capability to refurbish the equipment to the customer's specifications.

## **Forward-Looking Statement**

Safe Harbor Statement under the U.S. Private Securities Litigation Reform Act of 1995: This release contains statements that are forward-looking in nature which express the beliefs and expectations of management including statements regarding the Company's expected results of operations or liquidity; statements concerning projections, predictions, expectations, estimates or forecasts as to our business, financial and operational results and future economic performance; and statements of management's goals and objectives and other similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by terminology such as "anticipate," "estimate," "plan," "project," "continuing," "ongoing," "expect," "we believe," "we intend," "may," "will," "should," "could," and similar expressions. Such statements are based on current plans, estimates and expectations and involve a number of known and unknown risks, uncertainties and other factors that could cause the Company's future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. These factors and additional information are discussed in the Company's filings with the Securities and Exchange Commission and statements in this release should be evaluated in light of these important factors. Although we believe that these statements are based upon reasonable assumptions, we cannot guarantee future results. Forward-looking statements speak only as of the date on which they are made, and the Company undertakes no obligation to update publicly or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.
